María Alejandra Cortés

SOFTWARE DEVELOPER

Medellín, Antioquia, Colombia
cortesmariale@gmail.com
GitHub - LinkedIn

In 2021, I began my journey in software development with an initial certification, followed by a specialization in **Frontend** Development, which has allowed me to acquire solid technical skills in the IT field. Recently, I have strengthened my abilities by participating in an academic project and gaining my first professional experience in the software industry. I have worked with technologies such as **HTML, CSS, JavaScript, WordPress, React, SQL, Git, AWS Cloud,** and **agile methodologies.**
I am constantly seeking new challenges that drive my professional growth. Additionally, I have over seven years of experience in other sectors, which has helped me develop soft skills such as teamwork, project management, and adaptability to diverse environments, bringing a unique and creative perspective to any team.

PROFESSIONAL EXPERIENCE

Software Developer -Teker *at CESDE* (May 2024 – Dec 2024)

- Contributed to projects with frontend development tasks using **JavaScript** and **React.**
- Assisted in the integration of **SQL** databases for web applications, using agile methodologies like SCRUM and defining delivery timelines.
